Community Youth Center

Community Youth Center is a non-profit sports and academic center where youth ages 3-18 can participate in 10 programs: nine sports and our Academic Excellence program. Membership at CYC is only \$26 per month, or free for those in need, making our services available to all families regardless of financial background. CYC has over 1500 members and averages almost 400 kids per day in attendance. Though it costs only \$26 per month to join, one fourth of our families cannot afford that and are on scholarship. That one monthly membership fee includes access to all CYC programs based on availability, including the tutoring in our Academic Excellence program.
