- World class coaches and program directors work together to not only develop the child's athletic ability, but more importantly, to teach the intangibles such as discipline, commitment, respect, honor, teamwork and sportsmanship. In addition to recreational programs, the CYC offers competitive team training opportunities for those hoping to excel at a higher level. The recreational and competitive programs are offered year-round with extra weekly camps throughout the summer.
- For only \$20 a month, kids learn, work and play together in a safe, first-class facility that truly provides a sense of "community" and belonging. The CYC also offers family discounts and scholarships for those unable to afford the monthly membership fees. The goal of the CYC is to teach youth basic core values that will help lay the foundation for developing inner strength and self confidence to become good people and future productive members of the community.
